3. Tokenomics

Name

Distribution & Metrics

Score

14

Max Score

15

Some Questions

The Sui tokenomics are designed to promote long-term sustainability and community involvement. The total supply of SUI tokens is capped at 10 billion.

The distribution is as follows: **50% to the Community Reserve, 20% to Early Contributors, 14% to Investors, 10% to Mysten Labs Treasury, 6% to Community Access Programs**

Name

Utility

Score

12

Max Score

15

Some Questions

The SUI token has multiple utilities within the Sui ecosystem, including governance rights, transaction fees, and staking for network security. Additionally, it will play a role in incentivizing developers and users within the ecosystem.

The breadth of utility ensures strong demand, though expanding its application could further enhance the token's value proposition.
